If you love arcade apps for Android like us, share your love using the social buttons below to let your friends know about us! I hope you found this page useful about Cartoon Wars: Blade + MOD, especially for the MOD version we provided here, a mod that you will surely love to try! Read 11206 times Cartoon Wars: Blade + MOD Updated: Sunday, December 27, 2020 10:53 AM Hello, my lovely friends! Welcome back. To tell you the truth, ever since I went to school, I've always had a bad score in Fine Arts at school. What I can draw are just simple people stick. But I'm excited about these funny guys. And I can't believe there was a game to the world of dick guys! It sounds simple, but it's not like that. This game is exciting! Let's explore cartoon wars blade with me. When referring to the sickman, most players remember the drawings in their notebooks when they were in school, the childhood paintings. Me too, the old books, nowhere without their appearance. Sometimes, just seeing these guys stick, we also feel the humor in him. Having the affection impressed with the people of the stick, I have searched and played numerous games on this topic on my phone. However, the game series took me a long time to be Cartoon Wars from cut developer GAMEVIL. I played most of the different versions of this series and discovered not only mine, but also many other players around the world who love it. That's also why I want to introduce this name in Good Game that you may not know today. Continuing the cartoon war series released and very successful, Cartoon Wars: Blade has itself ready to be a force of players passionate about the Cartoon Wars series. Possessing many new weapons and more attractive gameplay than previous versions, Cartoon Wars: Blade has gradually asserted an irresistible attraction for players in the first experience of the game. HistoryTo years after the history of the Cartoon War, a brave warrior from the kingdom set out for distant lands. To participate in this adventure, the warrior had to break his life of leisure and embark on dangerous new lands. Story begins in Cartoon World, where there are two tribes, their evil color, and slaves, the black and white cartoon tribe. O O and the generation of white cartoons is considered possession and forced to be a slave. Fortunately, some of them had a great idea to meet. They regrouped and began a revolt to free themselves, fighting against the dominance of the colorful empire. Through the name, you have a little guessed that the graphics in Cartoon Wars are embedded in cartoon style. The characters are drawn in a simple way, not very demanding, but still give us funny, unique shapes and personal highlights. I find it strange that the effects, skills are meticulously cared for, more beautiful than the character. Each game has its own unique features, as well as Cartoons Wars Blade. After a period of experience in this game, I discovered some of its unique features, such as the level of the Action Pack Inlimited: unlock new stages and fight monstersArmasin new levelsWithout game controlsSimcharging weapons and helmetsThe soundtrack Advanced Ly Graphic gameplay and many awesome battle scenes The reverse weapon systems are updated regularly With bat characters Cartoon Wars Blade has also added new game modes to follow predecessors. -Raid: Fight with other players to earn saws and strengthen their barracks. Siege: Set up a team of 7 characters to challenge other players in survival mode from consecutive enemy attacks. Team Battle: Create a 4-day squad and fight in 4 vs. four modes to earn countless mana-free rewards to take part in the battle. In addition, Cartoon Wars Bucket also brings a totally additional feature: Summon. This feature allows players to gain new battle units with different powers, helping you release using different combat tactics. You can also upgrade, strengthen, match and equip runes for battle units to upgrade your army. Cartoon Wars Blade also boasts over 200 unique levels of unprecedented levels, making sure players take full advantage of combat units to overcome this game mode. In addition to the single and multi-player modes above, players can also take advantage of Expedition mode to use unused combat units and earn XP and other attractive rewards. You can also receive rewards through exciting features like Bonus Roulette and Chests.The unique Cartoon Wars series, Cartoon Wars 2, and the guillotine version of Cartoon Wars Blade has won over 80 million players, bringing success in the global marketplace with unique graphics and simple yet equally simple gameplay and the immersive part. Cartoon Wars is a highly tactical mobile game. It allows you to build your army with a reasonable amount of resources. Basically, you will prepare for distinct types of soldiers before going into battle. Over time, destroying enemies will increase your mana, and you need to use these points to draw distinct characters to appear. In a nutshell, this is a coin in battle, and you need to use it to hire characters. In addition, the player's primary construction also has additional defensive weapons equipped, and you can also upgrade with bonuses after winning. With high levels, players will have access to advanced weapons and more bizarre warriors. At first, they were just road soldiers, mages, and later domesticated army and monsters. If you are strong, then the enemy is strong, then the character system in the enemy is equally diverse. Will peace in cartoon be restored, will evil be repelled? It's all up to you! Overall, although Cartoon Wars Blade has simple graphics, its gameplay is exciting and attractive. At first, I was picky about underestimating this game when I first saw it. But I was wrong. Once you're involved in this game, it's going to be hard to get out. In addition, Cartoon Wars Blade also brings a complete story, not just you to play and fight. This is an advantage I have for this game. The familiar guys of childhood now became soldiers in Cartoon Wars Blade.It can be said that this game fulfilled my childhood dream. If you also want to meet these adorable guys again, try Cartoon Wars Blade today! Today!
